SUMMARY:

- Full Stack Web Developer with a focus on front end development
- Background in photography, exercise physiology and nutrition
- Desire to always be learning something new and challenging

TECHNICAL SKILLS:

- Front-End | React.js, JavaScript, jQuery, HTML5, CSS3
- Back-End | MySQL, Node.js, MongoDB, Mongoose, Express.js
- Testing/Version Control | Git/Github
- Other | Photography, Photoshop, Lightroom

RELEVANT EXPERIENCE:

Web Dev Cheat Sheets | React.js, MERN, Firebase, Bootstrap, HTML, CSS | [Github](#) | [Demo](#)

This team collaboration was completed in three weeks as part of the University of Denver Full Stack Bootcamp. It is a one stop resource for searching for and saving web development language and framework cheat sheets, including user authentication with Firebase.

The BERM | UI Kit, CSS, HTML, JavaScript, Express.js, Node.js | [Github](#) | [Demo](#)

This application serves as an online marketplace for women mountain bikers based out of Colorado. It allows users to post or buy gear, to view upcoming events and provides information on other female riders in the industry.

Clicky Cats | React.js, JavaScript, Bootstrap, CSS, HTML | [Github](#) | [Demo](#)

This React.js application is a memory game that keeps track of how many photos you can click once, without clicking any duplicates.

Landing Page Example | CSS, HTML | [Github](#) | [Demo](#)

This application serves as an online marketplace for women mountain bikers based out of Colorado. It allows users to post or buy gear, to view upcoming events and provides information on other female riders in the industry.
